

Business Testimonials

Always able to supply what we need at short notice. A great service.

Butler & Blazey

I have always found Andy Wymer of Lasertech Norwich to be helpful, reliable and cheerful. In addition Lasertech products are competitively priced within the market place.

Insight Mortgage Solutions

My experience of Lasertech Norwich has always been impressive. The speed, the price and personal service is tremendous. I'd recommend anyone to try it. It's much better in all respects than the established retail companies that I know.

Investors In People

I have been very impressed with the service from Lasertech. The prices are competitive, but it is the service that sets it apart. Andy deals personally with your requests, gets the item to you quickly, with no fuss, and always delivers on or before the promised date. If there's going to be any delay he contacts you and lets you know. I always go to Lasertech for my printer consumables

Norwich Excellence Partnership

I have been very impressed with the service from Lasertech. The prices are competitive, but it is the service that sets it apart. Andy deals personally with your requests, gets the item to you quickly, with no fuss, and always delivers on or before the promised date. If there's going to be any delay he contacts you and lets you know. I always go to Lasertech for my printer consumables.

Lanner Management

Thanks for a friendly, efficient, convenient local service with top quality products at reasonable prices and with no additional delivery charge.

Cliff Phillips Accountants

Lasertech are always reliable and efficient. The deliveries are always on time and Andy is always willing to make a special effort if we need anything urgently. Lasertech is really easy to contact, always giving friendly, helpful advice and providing the information we need. All the products are really good value for money and it is really useful to have a recycling programme for all the old cartridges we use. I would always recommend Lasertech to anybody.

Steggles Larner Property Management

First class service with orders always being extremely prompt.

Great advice on printing costs and recommendations for the future. Always willing to provide up to date information on how we could reduce costs in the future. Great value for money and coupled with the excellent service means that there is no other choice!

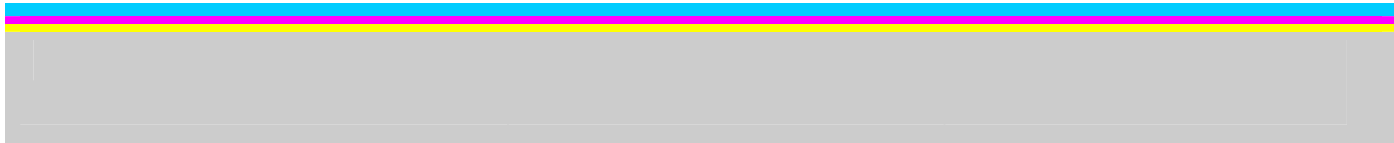

Martin French and Co.

We have ordered many ink cartridges and toners from Lasertech over the years and they have always been delivered correctly and efficiently. In fact Andy now lets me know if I have ordered the wrong one as I order so many. On one occasion our Buyer in our Stores Department rang me in a panic as his fax had run out of ink. I phoned Andy and he dropped one into the Stores within ten minutes of my phone call. Our Buyer could not believe it, and I still never told him that Andy runs his Lasertech outlet from the next village.

Broom Boats

Andy is a great guy to have supplying your stationery, friendly, helpful and very knowledgeable. His prices are the best and he will save you money where he can. The best bit however is that he actually knows what we want, once ordered never forgotten. Delivery times could not be better, took him 20 minutes to get an ink cartridge here.

Portal Communications

I would like to take this opportunity to thank you so much for such a super speedy and efficient service for the replacement of my printer cartridge. Pretty impressive to get to me within 30 minutes of the call, especially when I had pressing business to carry out.

Thanks to your kind demonstration at the same time, I now know how to change future cartridges!

Many thanks again
