

## Amazing News From Lasertech's Franchise Network...

### 7 New Franchisees Join Lasertech In The Last Two Months!

*'There is no better time to consider a Lasertech Franchise as an option when looking to start your own business, with sales up and our franchise network growing. We have territories available across the UK and Ireland so if you are interested, get in touch, or even come along and have a chat with me at our next Open Day on the 17<sup>th</sup> July'*

Amazing news from Lasertech – 7 New Franchisees have joined our Network in the past 2 months! With sales at Lasertech up 40% on last year, and Lasertech printer cartridge sales up 72% on last year, there is no better time to join the Lasertech Franchise Network!

With many companies feeling the pinch and slashing their office products budgets in this current economic climate there is no better time for them to switch to the Lasertech brand printer cartridges. Lasertech helps our customers to get more value for money by supplying them with the Lasertech brand which is up to 40% cheaper than the original brands.

Alan Brennan, Lasertech South East Ireland, and Steve Rabbich, Lasertech South Fylde certainly saw the benefits of joining the Lasertech Franchise network and launched their franchises in May. There are also five new franchisees due to launch in July, who will be participating in the two week residential training course next month with the same thoughts!

A number of our new franchisees attended one of our Open Days either at our Head Office in Cheshire or our Depot in Dublin. Our open days offered a chance for our new franchisees to learn more about Lasertech, have a tour of Head Office or our Depot and see for themselves the support and infrastructure in place to support our Franchise Network. It was a great way for them to learn more about Lasertech and for us to learn more about them.

You are very welcome to come along to our next Open Day, which will take place at our Head Office on Friday 17th July. Andy, our Franchise Recruitment Manager, will meet you on the day and take you through all aspects of becoming a Lasertech Franchisee, and answer any questions you might have.
